

Agency Bulletin: 2012-05

Date: November 30, 2012
To: FNTI Agents
From: Chris Phillips
RE: Website Continuing Education Resource

We have developed a continuing education resource with the Texas Land Title Association (TLTA) that allows you to pick relevant courses from the TLTA library of webinars. These courses are available to First National Title Insurance Company agents free of charge and will allow you a means to keep up with your required escrow officer CE hours.

This new feature can be found on our website at www.fnti.com under the following tabs:

- Agent Services
 - o **Educational Opportunities**

When you access this feature, it will direct you to our FirstNET Access screen. You have to log on so that we can verify that you are an existing agent. Once you have logged on, the Agent Support Center page will be displayed. Select "Education" and you will then be directed to the TLTA website where you will find a list of available courses.

We hope you enjoy the changes we have made and look forward to your comments and suggestions.
