RE: Reinsurance Limits Increased

When First National Title (FNTI) was initially licensed, we chose a conservative approach establishing our primary retention limits at \$750,000. With the success we achieved over the first 18 months in operation, we have elected to increase our primary retention limits to \$1,000,000 and have secured an agreement with our reinsurer. While this may seem like a small increase, we believe it will greatly reduce the number of files that require additional paperwork—allowing you to easily issue more transactions on FNTI.

Any policy, with an anticipated closing date subsequent to **September 4, 2013**, and a liability amount greater than \$1,000,000, requires the Over Limits Authorization Request Form (submitted prior to closing), which is available on our website at [www.fnti.com](http://www.fnti.com).

I am very proud of our company's accomplishments and this increase is an important milestone in the continued growth and success of the company. I believe it is the right thing to do at the right time, and for the right reasons. We rely on you for our success and believe that you do business with people you know, like, and trust. Thank you for the trust you have placed in First National Title.
