RE: Wells Fargo Approved Underwriter List

First National Title Insurance Company (FNTI) is pleased to announce that it is now listed as an approved underwriter on the Wells Fargo Mortgage Banker Finance Group Approved Master Title Underwriter List. A copy of the list is attached to this bulletin.

This will eliminate acceptability problems that you may have experienced when issuing commitments on FNTI to the lenders that use the Wells Fargo Warehouse group. Those lenders include:

- Freedom Mortgage
- Interbank Mortgage Bank
- Flagstar Bank
- WestStar Mortgage
- Keystone Mortgage
- Sun West Mortgage Company

Please refer to the attached Approved Master Title Underwriter List if FNTI is rejected by any of the above mortgage companies.

FNTI has had incredible growth since starting in March 2012 and has proven that it is a viable and financially stable company. We will continue to work with lenders to be included on their acceptability lists. Please notify your agency rep if you have any problems with lenders accepting First National Title as an approved underwriter.
