RE: Revised Over Limits Authorization Form

In order to simplify the process for agents, First National Title Insurance Company (FNTI) has revised the Over Limits Authorization Form required on all files that exceed the contractual limit of \$750,000. The new form will cover any transaction over this amount up to \$10 million.

Previously, a second form was required for files that exceeded \$2,225,000. The new form now combines the two documents, so that agents need to fill out only one form to satisfy the requirements of both the over limits authorization and reinsurance approval.

The Over Limits Authorization Form is set up as an interactive pdf allowing you to type and save the information in your computer. This new form will still need to be submitted for approval along with a copy of the commitment to errin.froggatt@fnti.com or fax 972-588-1288.

Please remember that this form MUST be completed and submitted for approval PRIOR to the closing of any file that exceeds \$750,000.

A copy of the Over Limit Authorization Form is attached to this bulletin and can also be found on the FNTI website at:

www.fnti.com → Agent Services → Forms → Authorization Forms → Overlimits Authorization Form

Contact the FNTI office at 888-944-3684 if you have any questions.
