RE: Continuing Education Credit

**Do You Need Continuing Education Credit?**

Check out the education option that First National Title (FNTI) has to offer. We have partnered with the Texas Land Title Association to offer several of its recorded online seminars that you can watch to earn continuing education credit.

There are more than 30 courses available, which can be view on demand to fit your schedule. The courses cover a wide range of topics and are approved for continuing education credit with the Texas Department of Insurance. Some are also approved for MCLE credit with the State Bar of Texas.

As an FNTI agent, there is **no cost** to you or your agency to view these. Simply click on this link <http://www.tlta.com/Education/fnti/index.html> and follow the registration instructions or go to our website at [www.fnti.com](http://www.fnti.com) and select AGENT SERVICES then EDUCATIONAL OPPORTUNITIES.

Also stay tuned for more information to come about our live continuing education webinars to start in July.
