RE: New Underwriting Counsel – Sean Everest

In both our recent blog and press release, we introduced our newest vice president and underwriting counsel, Sean Everest. I have included some additional information about Sean, but most importantly – his contact information. He may now be reached at [sean.everest@fnti.com](mailto:sean.everest@fnti.com). His office # is 972-588-1280 and his cell phone # is 210-860-0037.

As a licensed attorney, Sean Everest provides a specialized insight into the real estate transaction. His previous experience in the oil and gas industry, the real estate brokerage business, and at a title agency allows him to bring a high level of understanding to the nuances of complicated real estate transactions. He is a certified instructor and frequent presenter at real estate-related functions. And he is available to provide the education and training you need.

Sean graduated with a bachelor of business administration degree from Texas A&M in Commerce and a doctorate of jurisprudence degree from South Texas College of Law in Houston. He lives in San Antonio with his beautiful wife and three gorgeous daughters.

Please give him a call and introduce yourself. He is looking forward to assisting all our FNTI agents.
