First National Title Insurance Company 2012 Year-End Financial Statement

PLANO, Texas (February 8, 2013) First National Title Insurance Company (FNTI) President and CEO, Chris Phillips, is pleased to announce strong year-end results for the company. Total revenues for 2012 reached \$9,680,419—resulting in a profitable bottom line. FNTI is one of the only title insurance underwriters formed in the past 20 years to achieve this level of success so quickly. First National Title continues to move up in the rankings of regional underwriters in the U.S. The company has been in operation since March 2012.

“We exceeded our goals for 2012 and are actively pushing to double our revenues for 2013,” says Chris, “The addition of independent agent revenue is a major source of this expansion. We recognize the opportunities an improving real estate market creates and are partnering with the independent agents to help them grow their businesses.”

Chris also stated that “Advances in our operating system allowed us to launch two new initiatives at the end of Q4.”

Insured Closing Service (ICSL) Letter Verification

Lenders now have the ability to verify ICSL letters by simply accessing the “Lender Resources” section of our website at www.fnti.com and entering two identifying numbers found on our ICSL letter. This service is very popular with the lenders that are already using this valuable tool and reduces the number of phone calls their employees make on every transaction.

Agent Verification

Similarly, lenders will appreciate our agent verification process as well. Using the same section of our website, “Lender Resources,” there is a tab for “Agent Verifications.” Both services are unique in our industry, save time and money for all the parties, and set FNTI apart from many of our competitors.

Company Vision – To serve the needs of the independent agent and provide sound underwriting decisions and education to our agents. We strive to become your independent underwriter of choice.

Company Philosophy – People do business with those they know, like, and trust.
