RE: **New Rates Effective July 11, 2022**

First National Title has made a revised rate filing in Colorado. There are a number of rate and rule revisions, including the addition of a new premium zone and a new premium calculation for hold-open commitments.

The rate manual can be found on FirstNet at (<https://documentpub.fnti.com/Documents/Colorado/Rate%20Manual%20and%20Rate%20Charts/FNTI%20Colorado%20Rate%20Manual%20Effective%202022-07-11.pdf>) or you can download a copy [via this link](#).

We are also working to get new rate charts uploaded this week.

If you have questions, please feel free to reach out to local Agency Manager. As always, we appreciate you and our relationship with you.
