RE: **TLTA On-Demand Webinars Instructions Update**

TLTA is now offering the option to view its educational webinars during the live presentation. When registering for a course, you can now select to view the live presentation **OR** the on-demand recording. Please DO NOT register for both.

If you've registered for the live presentation and cannot attend, contact TLTA to transfer this option to the on-demand recording of the webinar. Continuing education credit is available for only one viewing of a course.

The On-Demand Webinar Access Instructions have been updated to explain the new option. There is also a different discount code (referenced in [Agency Bulletin: AGTX-2022-002](#)) that is needed to purchase these courses at no cost to our FNTI agents.

Call the FNTI office at 888-944-3684 for the flyer with the updated instructions and discount code.

Thank you,
Your FNTI Team
