First National Title Insurance Company named as Top 20 U.S. Regional Underwriter

PLANO, Texas (December 10, 2012) First National Title Insurance Company President and CEO Chris Phillips is pleased to announce third quarter revenues for his company as being very strong and profitable. Based on an analysis of the Form 9 data, First National Title is now ranked as one of the Top 20 U.S. Regional Underwriters with \$5,177,952 total premiums written through the third quarter. The company has been in operation since March 2012.

This news comes at the same time the Arizona Department of Insurance has granted First National Title a Certificate of Authority to serve the independent agents across Arizona. The future looks bright for First National Title as it expands outside of Texas on the heels of ranked stability.

First National Title is also pleased to announce an innovative new approach to provide continuing educational opportunities to its agents in conjunction with the Texas Land Title Association (TLTA). For the first time, First National Title agents can access a library of approximately 20 of TLTA's courses at no charge. The courses satisfy the continuing education requirements for escrow officer licensing in Texas and are available on our website at www.fnti.com.

"This is just the beginning," says Chris, "I believe in our team of professionals, the independent agents we have on board, and the business plan we created that puts the interests of the independent agents at the forefront of our efforts. Seeing the positive results of our hard work and our quick ascent up the rankings of underwriters is extremely satisfying."

Company Vision – To serve the needs of the independent agent and provide sound underwriting decisions and education to our agents. We strive to become your independent underwriter of choice.

Company Philosophy – People do business with those they know, like, and trust.
