LATEST NEWS: *First National Title Insurance Company Adds to Title Production Services Team with Elizabeth Veracruz and Laney Lowrimore*

PLANO, TEXAS — First National Title Insurance Company (FNTI) is proud to announce two additions to its Title Production Services team with **Elizabeth Veracruz** as **Vice President, Director of Title Operations** and **Laney Lowrimore** as **Vendor Management Supervisor**.

Elizabeth's focus will be assisting with the transition of our workflows into ResWare, elevating our integration capabilities and readying us for scalable growth in regard to title production services to our agents. This will allow us to centralize workflows and automate processes all while improving communication and enhancing data & reporting.

"Elizabeth's deep expertise and leadership in national title operations bring tremendous value to FNTI as we continue expanding our Title Production Services," said David Hays, President & General Counsel of FNTI. "Her strategic vision and ability to align people, processes, and technology will help us deliver even greater efficiency and service excellence to our agents."

Elizabeth has been in the national arena of the title industry for over 25 years with a prominent focus on title production for the last 10 years. She looks forward to collaborating with the various teams to launch us into 2026.

"I'm honored to step into the role of Director of Title Operations for FNTI and continue building on our team's strong foundation of excellence. My focus will be on optimizing our processes, enhancing collaboration, and ensuring we continue to deliver exceptional service to our clients," says Veracruz.

"Additionally, we added Laney Lowrimore to the team as our Vendor Management Supervisor. She will oversee vendor partnerships, procurement processes, and contract performance to ensure continued excellence in quality, compliance, and value for FNTI and its agents," Veracruz adds.

Title Production Services by First National Title Insurance Company is licensed in 42 states and currently provides production in 32 states.
