There are two ways to create or edit a lender. One way is to click on the New button next to the Lender Name field. This will open the Create a Lender form where you can enter the lender information and click on Save.

The screenshot displays the First National Title ICS portal interface. A modal window titled "Create a Lender" is open, allowing for the creation of a new lender record. The modal contains several required fields marked with an asterisk: Bank, Address, City, State (a dropdown menu), Zip, Phone, Fax, and Number. At the bottom of the modal are "Save" and "Cancel" buttons, along with a red text warning: "* This is a required field".

In the background, the "Lender" search results are visible. The search criteria include "Name", "Number", and "State" (set to "All"). A search bar contains an asterisk and a red circle highlights the "New" button next to it. Below the search bar, the text "Please begin typing to see search results." is displayed. The search results show a lender with the following details: Bank: Wells Fargo, Address: 123 Main Street, City: Dallas, State: TX, Zip: 75251, Phone: , and Fax: .

The portal's left sidebar includes a navigation menu with "INDEX", "ICS Letters", "Lender Management", and "OFAC". The top navigation bar shows "FirstNet Portal" and "Agent Supp". The bottom of the screen displays "Property Location: TX" and "*I.C.S. Letter Form: Standard Letter for TX".

You may edit lender information in this same area. After you choose a lender from the pop-up list of lenders, you may click on Edit, and it will open the Update Lender form where you may make changes. When finished, click on Update.
